Memo No: 429/RRGU/Notice/2026

Date: 21/09/2026

NOTIFICATION

Subject: Formula for Notional Conversion of CGPA to Percentage

It is hereby notified for the information of all concerned that while the University Grants Commission (UGC) provides general guidelines for the computation of Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA) on a 10-point scale, it does not prescribe a single, mandatory national formula for converting CGPA into an equivalent percentage.

Accordingly, Rani Rashmoni Green University has adopted the following standard formulas for the conversion of **CGPA to Percentage (approximate value)** of marks:

1. Percentage (%) = CGPA x 9.5

2. Percentage (%) = (CGPA x 10)-5.0

*** Whichever yields the higher calculated percentage shall apply.**

This conversion mechanism shall apply to students across all academic programs under the Choice Based Credit System (CBCS) and the National Education Policy (NEP) for applying for higher education, employment, scholarships, and other official purposes.

This notification is being issued in view of the multiple requests being received from students / outside agencies on the above matter from time to time for various purposes.

It may be noted that no individual certificate / letter would be issued on this issue hereafter.
