

RANI RASHMONI GREEN UNIVERSITY

TARAESWAR, HOOGHLY

(State Aided University)

**Admission Prospectus for
Session 2025-2026**

From The Vice-Chancellor's Desk

Rani Rashmoni Green University is a state-aided university that is focused on facilitating social and cultural changes necessary for creating a sustainable world through education. Established in the year 2018, it fulfils a long-cherished dream of our Hon'ble Chief Minister that Bengal should have a world class university not only with a curriculum that encourages and promotes sustainable development but also with a campus that embodies environmental sustainability in everyday life paving the way for a cleaner, healthier and safer planet. To achieve this goal, it is imperative to have a curriculum which undertakes the study and research of environmental science and related disciplines. The year 2020 was a difficult year for all of us but in spite of all odds we started our academic activities in the midst of the global pandemic introducing Post-Graduate courses in Environmental Science and Chemistry. The University is offering four other Post-Graduate courses: M.A in Bengali, M.A. in English, M.Sc. in Computer Science and M.Sc. in Nutrition and Public Health since 2021. The students of first batch successfully completed their M.Sc. courses in Chemistry and Environmental Science in the year 2022 and the second batch (M.A in Bengali, M.A. in English, M.Sc. in Computer Science and M.Sc. in Nutrition and Public Health, M.Sc. in Chemistry and M.Sc. In Environmental Science) is on the verge of completing the same. Four students from the first batch of M.Sc. in Chemistry and one student from M.Sc. In Environmental Science have been placed in several industries of national repute. Students from the Department of Chemistry have been able to publish several research papers in various international journals (Scopus and Web of Science indexed) having high impact factors. Several students from this department have secured high ranks in CSIR-NET and WB-SET examinations. It has been a proud moment for the newly established university when students from the Department of Chemistry have got selected for Ph.D. and M.Tech. in the prestigious organisations of our country like Indian Institute of Technology-Hyderabad (IIT-Hyderabad), Indian Institute of Technology-BHU (IIT-BHU), Jawaharlal Nehru Centre for Advanced Scientific Research (JNCASR), Indian Association for the Cultivation of Science (IACS), BITS-Pilani and many others. Several students have been placed in various multinational organisations. Two students from this department have also been recognised as the toppers at the national level of the advanced Chemistry courses organised by SWAYAM-NPTEL (an initiative of MOE, GOI). A few students from the department of Environmental Science and department of Nutrition and Public Health have also qualified UGC-NET and WB-SET examinations. One student from the Department of English has also qualified UGC-NET. The first phase of the construction of our campus is over with the completion of the boundary wall and in the second phase the construction of the academic building has started. In the days to come, the campus will have energy and water efficient buildings, green classrooms and labs. The ideals of excellence in learning, research and innovation continue to be our driving force. We will nurture leadership qualities and inculcate a sense of responsibility towards the environment in our students and instil empathy in them for the marginalized and disadvantaged members of the society.

Courses offered for the academic session 2025-2026

2-Year (4-Semester) Regular PG Course under CBCS

M.Sc. in Computer Science (Student intake capacity – 28)

M.Sc. in Nutrition & Public Health (Student intake capacity – 28)

M.Sc. in Chemistry (Student intake capacity – 28)

M.Sc. in Environmental Science (Student intake capacity – 28)

M.A. in Bengali (Student intake capacity – 35)

M.A. in English (Student intake capacity – 35)

Note - Reservation as per rule of the Government of West Bengal

Eligibility

M.Sc. in CHEMISTRY No. of seats: 28*	Hons. Graduates in Chemistry under (10+2+3) system from any UGC approved University.		
M.Sc. in ENVIRONMENTALSCIENCE No. of seats: 28*	Science (B.Sc.) Graduates under (10+2+3) system having Hons.in Environmental Science/ Microbiology/ Botany/ Zoology/ Chemistry/ Physics/ Geography/ Geology/ Physiology/ Biotechnology/ Biochemistry/ Anthropology under (10+2+3) system from any UGC approved University.	M.Sc. in NUTRITION & PUBLIC HEALTH No. of seats: 28*	B.Sc.(Hons) in Nutrition/ Nutrition and Public Health/ Microbiology/ Zoology/ Botany/Physiology/Medical Laboratory Technology and Allied Biological Sciences under (10+2+3) system from any UGC approved University.
M.Sc. in COMPUTER SCIENCE No. of Seats : 28*	B.Sc.(Hons) in Computer Science/ BCA/ B.Sc.(IT)/ Mathematics/ Statistics/ Physics/ Electronic Science under (10+2+3) system from any UGC approved University.	M.A in BENGALI No. of seats: 35*	Hons. Graduate in Bengali under (10+2+3) system from any UGC approved University.
		M.A in ENGLISH No. of seats: 35*	Hons. Graduate in English under (10+2+3) system from any UGC approved University.

NOTE: Admission will be made strictly on the basis of MERIT. The merit list will be prepared considering the CGPA (Cumulative Grade Point Average) on the basis of All Courses. The merit list will be displayed on the University Website. A minimum aggregate percentage of marks for the bachelor's degree is 50% in general category and 45% for reserved categories (SC/ST/OBC/EWS/PH).
